**CURRICULUM MODIFICATION PLAN AGREEMENT
(Enrichment and Compacting)**

The attached forms (342.35-Exhibit(2) and 342.35-Exhibit(3)):

- a) guide the process of curriculum modification outlined in the curriculum modification policy;
- b) provide information to support curriculum compacting and enrichment options for students in a logical and sequential manner;
- c) serve as a tool for establishing student needs for activities above and beyond the regular curriculum and for creating a curriculum modification program which meets these needs; and
- d) provide a documentation of rationale, content and description, and assessment of curriculum modification efforts to meet the needs of high potential students.

Curriculum modification efforts are designed to include the students, school, and parents/guardians as active and informed participants in the educational process. Persons involved in the process should be aware of the implications that curriculum modification options have on a student's overall school program.
