

Lancaster Community School District

Instruction

**FIELD TRIPS  
(Recreational)**

All recreational field trips planned outside the instructional day shall receive prior approval of the respective principal and the District Administrator or his/her designated representative.

Field trips during school time (i.e. the instructional day) that have as their primary purpose a recreational or entertainment purpose, even as an award or incentive, may not be authorized except with specific approval of the Board of Education.

The Board sanctions the provision of transportation for students attending extracurricular activities and associated activities. Nominal charges may be made to students desiring transportation services.

Students participating in recreational field trips are required to abide by established standards of conduct.
