Students

STUDENT HEALTH AND WELFARE

The administrative staff continuously seeks to provide and maintain safe facilities in and outside the school to protect the health of students and ensure their safety.

Activities during the school day and at school-sponsored activities in the gyms and on the playgrounds and athletic fields are supervised by certified professional staff, who are assisted by teacher assistants.

Students carry on their schoolwork in shops and laboratories under the supervision of qualified instructors.

Halls and lunchrooms are supervised during the school hours.
