

Policy of the Lancaster Board of Education

Support

**STUDENT BUS AND BUS FEES
For Spectator Buses
Extracurricular Events and Field Trips**

Student buses may be scheduled by the Senior High School Principal to all out-of-town athletic events in which athletes from his/her building are participating. Student spectator buses may be scheduled by the Middle School Principal to tournament athletic events in which athletes from Lancaster are participating. A minimum of 35 paying students must sign up before a bus will be scheduled. Cheerleaders must ride the spectator bus if one is provided and may ride free of charge. Transportation will be provided on the team bus for cheerleaders to all events at which the cheerleaders are to perform if there is no spectator bus. The school principal may give special permission for individual cheerleaders to ride with their mother or father according to the athletic code.

Spectator bus/buses will operate when there is sufficient interest to justify operation. Field trips will be run that are in compliance with meeting educational objectives.

Charges for riding the bus will be determined by distance:

All conference trips will cost \$2.00

Non-conference trips and special bus request:

Round-trips of 149 miles or less will cost students \$2.00

Round-trips of 150 miles or 200 will cost students \$4.00

Round-trips of 201 miles or more will cost students \$6.00

School groups or organizations sponsoring extra-curricular events will receive 1/2 of fees collected from students. The purpose of this allowance is to promote and encourage SPECTATOR BUSES and to reduce fund raisers where possible.
