SWTC

If there are still senior students who have not applied or are unsure of their plans after high school, I would appreciate meeting with them. I can come to Lancaster, the students can come to campus, or we can meet virtually. If any students would like to meet with me or take a tour, please let me know or have them reach out to me. They can email me or send me a text at (608) 379-4694. They also can make an appointment with me anytime via my Timetrade using this link [here](#).

SCHOLARSHIP BOOTCAMPS

Southwest Tech’s scholarship application opens on December 1. I’m working on scheduling Scholarship Bootcamps with all of my high schools. My goal is to have every senior who’s applied to Southwest Tech, also complete our scholarship application.

Is there a day in December or January that would work well for me to meet with the seniors who’ve applied to Southwest Tech and help them complete their SWTC scholarship application? If all students can meet with me at the same time to work on the application, it should only take 45 minutes to an hour.
