ELECTIVE COURSES

Students who take the minimum courses necessary for college admission are minimally prepared for success in college when they get there. Colleges expect you to struggle in some courses at the collegiate level. Taking courses that challenge you in high school allows you to develop one of the most crucial skills necessary for success in college and life . . . the ability to face adversity and still succeed.

TIP – Look at college catalogs to see what courses are required to earn degrees in programs that interest you.

Remember to stay well-rounded and continue with your interests outside of the core academic areas.

COURSE DESCRIPTIONS

Course descriptions are available at the Lancaster High School website.
Go to: www.lancastersd.k12.wi.us. Click on Schools - Lancaster High School - Academics – Course Registration - Lancaster High School Program of Studies – Program of Studies 2024-25.

STUDY HALL

Students may not have more than one study hall that meets every day. Students who take Concert Choir, however, will also have a study hall that meets every other day opposite Concert Choir.

Please choose carefully!

The 2024-2025 Master Schedule will be based on the courses students choose during this registration process.
