

Policy of the Lancaster Board of Education

Students

LOCKERS

Lockers are provided for student's use. However the school district retains ownership and possessory control of all student lockers. The locker is jointly accessible to the students and school officials and may be subject to search at the discretion of the school officials.

Only locks approved by the Principal are permitted on lockers.

Lockers are open for inspection at all times. Storage of contraband, alcohol, drugs, stolen property, or similar items in the lockers will result in disciplinary actions. Students are responsible for any damage done to their locker.

Approved: October 11, 1995
