ANNUAL PERFORMANCE DISCLOSURE

Annually the Lancaster Board of Education will adopt and publish a performance disclosure report to the residents of the school district. The report deadline shall correspond with the state statute for distribution of the school performance report.

The following information will be provided in the report:

1. A statement of the educational goals and objectives of the school district and for each school in the district that describes the knowledge, understanding, or a skill that students are expected to learn.
2. Performance objectives related to learning will be included, as well as the progress made in meeting the objectives for each of the schools and the school district.
3. The results of all achievement tests administered in the district shall be reported by both school and district.
