Dear Families,

September 20, 2021

This letter is to notify you that two individuals in the Winskill building and three individuals at the MS/HS building have tested positive for COVID-19. Due to privacy laws, we are not allowed to provide the name of the individual or any other information that would allow for the individual's identity. Grant County Health Department will identify, notify, and quarantine students or staff who they feel may have come into close contact and who may be at risk.

What to Expect

If your child had close contact with a person with COVID-19, you will be notified by the Grant County Health Department. They will ask you questions and provide you with special instructions about monitoring symptoms, testing, and how to keep others in your home safe. Please assist with them as they work to investigate and control COVID-19 in our school. If your child did not have close contact with a person with COVID-19 in our school, you will not be contacted by the Grant County Health Department.

Prevent Further Spread

The following guidelines will help to prevent further spread of illness at our school:

- Notify the school if your child is diagnosed with COVID-19.
- Notify the school, if your child had contact with someone who you know, was diagnosed with COVID-19.
- Keep students home from school if they are sick.
- Encourage good habits: frequent handwashing, covering coughs and sneezes, use of face coverings in public, and staying home as much as possible.

If you have any questions, don't hesitate to get in touch with your student's building office. If you have questions regarding your child's quarantine, please contact the Grant County Health Department.

Sincerely,

Rob Wagner
