Lancaster Community School District Chromebook Usage Contract

Lancaster Community School District has purchased Chromebooks for student use at school and home. When a device is checked out, the appropriate content will be available to the device.

In order to check out a device, the student and parent/guardian must agree to the following:

1. I understand that I am completely responsible for the device while it is checked out.
2. I understand that I am not permitted to alter the design of the device. (No stickers or markings may be removed or added). **Removal of the serial number sticker from the bottom may result in a voided warranty and you financially responsible for the device see #13 below.
3. I understand that if I notice the serial number label on the bottom wearing off I will bring the device to the technology office for immediate reattachment; this also includes all school district labels.
4. I understand the device should not be placed or stored in extreme temperatures.
5. I understand the device should not be stored in wet or humid areas.
6. I understand that I am not permitted to loan the device to anyone else.
7. I agree to follow the Lancaster Community School District Acceptable Use Policy.
8. I agree to return the device in the same condition in which it was checked out.
9. I have read and understand the Chromebook Policy .
10. I understand that I am responsible for all repairs according to the repair schedule.
11. I understand that if I am given a loaner device to use from the tech department, I must follow all parts of the contract listed above; including my financial responsibility for the loaner while in my possession. Loaners will be available from the business department based on need and availability; misuse of this privilege by overuse (ie. Forgetting your device at home or not charging your device) may result in denial of a loaner device.
12. I understand I will bring my device to school charged and ready to use each school day.
13. I understand that I am not permitted to remove the serial number from anywhere on the unit; this voids the warranty. If the serial number is removed while I have the device signed out, I am financially responsible for the unit cost according to the payment schedule.
14. I understand that with Google Workspace for Education accounts, students may access and use the following "Core Services" offered by Google (described at https://workspace.google.com/terms/user_features.html). In addition, we also allow students to access certain other Google services for educational purposes with their Google Workspace for Education accounts. Further, we allow students to access additional third-party services with their Google Workspace for Education accounts. Our school administrator enables access to these third-party services with your student's Google Workspace for Education account, and authorizes the disclosure of data, as requested by the third party services.
